

How to Login to Zoom

From the Web

1. Log in to [RapidIdentity](#)
2. Click the Zoom application on the Dashboard

If you don't see Zoom bookmarked on your RapidIdentity dashboard, open the Applications module and select it from the list of available apps

3. Click the **Sign In** button

Video Conferencing

Configure your account

Made with [Zoom](#)

From the Zoom App

1. Open the Zoom application
2. Click the **Sign In** button
3. Click the **SSO** button under the "or sign in with" section

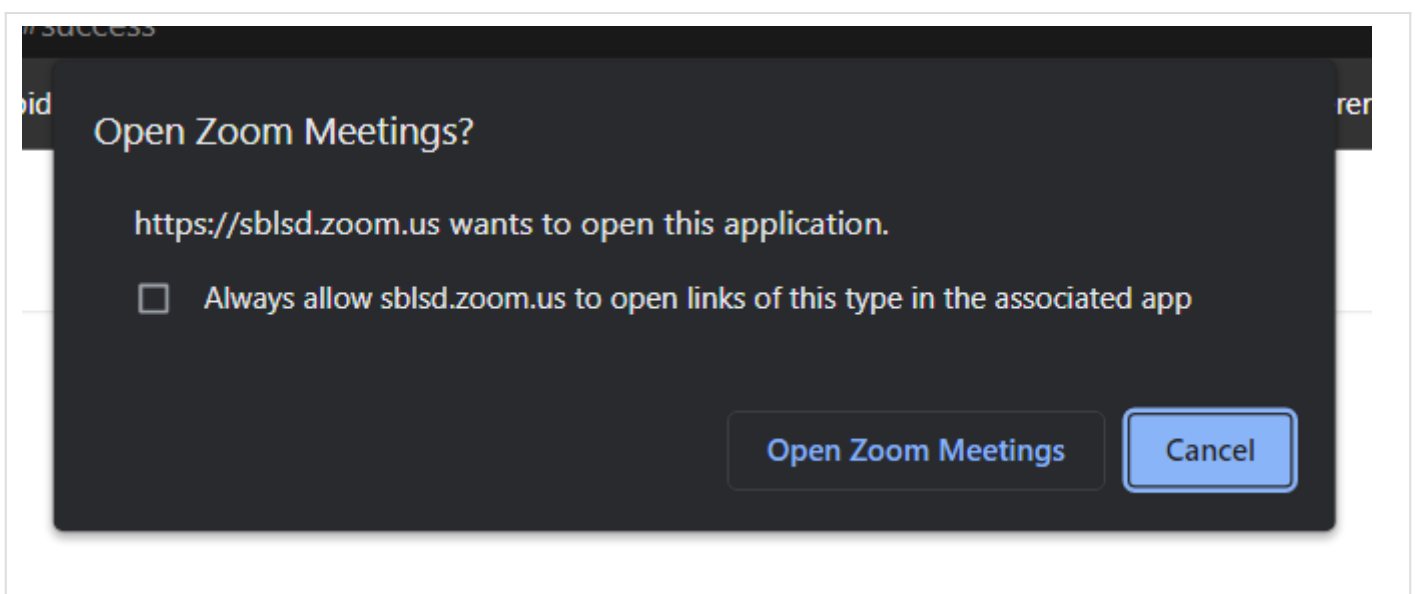

4. Enter `sblsd` in the **Company Domain** field

A screenshot of the "Sign In with SSO" form. The title "Sign In with SSO" is at the top. Below it is a text input field with the label "Company Domain" and the text "sblsd" entered. To the right of the input field is a dropdown menu showing ".zoom.us" with a downward arrow. Below the input field is a link that says "I do not know the company domain". To the right of the link is a blue button labeled "Continue".

5. Click the **Continue** button

6. Your browser will launch in order to authenticate using SSO. If you are not already logged in to RapidIdentity, you will be prompted to log in.

7. When prompted by your browser, click the **Open Zoom Meetings** button
